In order to maintain the integrity of the evaluation process in all courses, clerkships, electives and graduation requirements, a RWJMS student should never be graded by a RWJMS faculty member or a non-faculty physician, who has seen the student as a patient.

Students who choose to seek medical care from physicians within the faculty practice cannot subsequently choose or be assigned to rotate with those physicians as faculty preceptors in core clerkships or electives, as this is a conflict of interest.

Students should also never be graded by an evaluator with whom they have a relationship, family member or friend. Similarly, students cannot be evaluated by an individual, who is in a group practice with a relative or friend of a student.

Students must notify course, clerkship, and elective directors of any conflict of interest with faculty in their respective courses, clerkships, or electives, so that the director can ensure the integrity in the evaluation process.

**RWJMS STUDENT CONFLICT OF INTERESTS ATTESTATION**

I ______________________ attest that I have received and read the RWJMS Education Integrity and Conflict of Interests Policy. I agree to notify a RWJMS course, clerkship, or elective director of conflicts of interests with a faculty member in their respective course, clerkship or elective. If I elect to seek medical care from a physician outside of the RWJMS Student Health Services, I acknowledge that I also cannot later rotate with that physician. I acknowledge that failure to notify my course, clerkship or elective director of such conflict may result in a submission of a Professional Conduct Form.
