- To improve student research skills

OVER
BRIEF DESCRIPTION OF ACTIVITIES
Discussion of assigned reading with Director or assigned research advisor, attendance at departmental research seminars, literature survey on topic of student's choice, working directly with a faculty member on a defined portion of an ongoing project (advanced planning required). Students considering this elective should contact the department three months in advance, if possible.

METHOD OF STUDENT EVALUATION
A written evaluation of the student by the designated faculty with whom the student works. The student will also be expected to complete a written evaluation of the elective.

ARE THERE ANY PREREQUISITES FOR THIS ELECTIVE? No

IS THIS ELECTIVE AVAILABLE TO THIRD YEAR MEDICAL STUDENTS AS WELL? No
