N/A

**Night Call**

NO

**Weekends**

NO

**Lab**

NO

**Exam Required**

NO

***NOTE: PRIOR WRITTEN APPROVAL IS REQUIRED FROM DR. SAKS OR DR. LEBEAU BEFORE REGISTERING FOR THIS ELECTIVE***

**Overall Educational Goal Of Elective**

To teach in a course or clerkship with faculty support and/or to develop medical education instructional/evaluation materials.

**Objectives**

- Students will develop individual goals and objectives.
- Students will review education literature relevant to their individual goals/objectives.
- Students will identify and implement teaching methods that lead to durable student learning.
- Students will prepare effective materials for teaching and evaluation.

**Brief Description Of Activities**

Each student will develop an individualized plan prior to the start of the elective and attempts will be made to provide requested experiences during the weeks of the elective. *Students will prepare teaching and evaluation materials. Teaching presentations will be practiced and videotaped whenever possible and reviewed with a faculty member. Research relevant to medical education will be reviewed; reading medical education journals is required. Students may assist in research being conducted by the Office of Education/Cognitive Skills Program. Students will maintain a reflective log of elective activities.*

**Method Of Student Evaluation**

Supervising faculty will assess student performance based on individual teaching/research objectives, and quality of reflective log. Students will self-assess performance in collaboration with supervising faculty. The student teacher will be rated on dimensions of teaching/educational effectiveness by faculty and students.

**Are There Any Prerequisites For This Elective?**

No

**Is This Elective Available To Third Year Medical Students As Well?**

Yes

*Note: Please contact Dr. Saks at least 2 months before starting the elective.*
