Interested in hearing how H-1B sponsorship happens from the inside? Join us for an informative webinar titled

“What every international student and postdoc should know about US Employment”

- Presented by Science Alliance, New York Academy of Science

Dan Beaudry, former head of campus recruiting at Monster.com, shares the potent job search system used by many international students and postdocs to find U.S. employment. You will learn from this webinar:

• How to secure H-1B sponsorship at companies that have a policy against sponsoring H-1B visas.
• Why 80 percent of open jobs are never advertised - and how to find them before anyone else.
• Why human resources is often an obstacle instead of a conduit to finding a U.S. job-and how to bypass it.
• Why submitting resumes online is not an effective use of your time-and how you can better invest that time.

Monday, September 22nd 6:30 PM – 8:00 PM
Dean’s conference room
(Research tower Rm 123)

Refreshments will be served!
