DISC Project Title

Faculty/DISC Liaison/Community mentors and student(s) agree that:

- 1. The project is based on community- identified needs and built on community resources and strengths. All parties will contribute their unique expertise and share responsibility and ownership of the program. The program will be developed through a collaborative approach that equitably involves community members in assessment, defining goals and expected outcome, program planning, implementation, and evaluation. Program materials and assessment tools will be culturally and linguistically appropriate. Interventions will be designed to be sustainable and project results will be shared with all community partners.
- 2. The project can be accomplished within the proposed time frame.
- 3. Students will take primary lead on the project in collaboration with the community partner.
- 4. Students will adhere to the community organization's rules and procedures, including confidentiality of any patient/client/organization information.
- 5. Students will meet with Faculty Advisor, DISC Liaison and Community Mentor on a regular basis to review the project and will maintain communication with the DISC director.
- 6. Faculty Advisor, DISC Liaison and Community Mentor agree to provide information and assistance for the completion of the project and to provide feedback to the student on the DISC program.
