Supporting Patients with
Intellectual and Developmental Disabilities (I/DD) & Sensory Needs
Case Review Resources & Tools

Organizations:
  - The HCARDD website offers toolkits, a health passport, videos, visual aids, clinical tips, and discharge planning tools
- National Association for Dual Diagnosis (NADD)- www.theNADD.org

Resources:
- Canada’s Mental Health & Addiction (CAMH) Network- Health Care Access Research and Developmental Disabilities Video Resources: https://www.porticonetwork.ca/web/hcardd/resources/videos
  - The Diagnostic Manual-Intellectual Disability, DM-ID-2, provides guidance for assessing and diagnosing specific disorders in individuals with IDD by providing information to help recognize signs and symptoms of mental illness. It lists behavior changes that may indicate certain mental health problems that are noticeable.
- National Alliance of Mental Illness (NAMI)

**Tools:**

- *The Incredible 5-Point Scale*: [https://www.5pointscale.com/](https://www.5pointscale.com/) (provides ideas, examples, templates, and resources to support use of 5-point scale and anxiety curve)

This work is supported with a grant funded by the New Jersey Council on Developmental Disabilities, in part by grant number 2001NJSCDD-02, from the U.S. Administration for Community Living, Department of Health and Human Services, Washington, D.C. 20201. Grantees undertaking projects with government sponsorship are encouraged to express freely their findings and conclusions. Points of view or opinions do not, therefore, necessarily represent official ACL policy.
