

SEI (Substance Exposed Infants) ECHO

Biweekly, Wednesdays, 12:00PM-1:00PM

SEI ECHO Website:

https://rwjms.rutgers.edu/community_health/other/project-echo/substance-exposed-infants

Series Leaders

- **Kaitlan Baston, MD, MSc, DFASAM**, Cooper University Healthcare, Addiction Medicine - Medical Director, Cooper Medical School of Rowan University – Associate Professor of Medicine
- **Charlotte Nussbaum, MD**, Cooper University Healthcare, Associate Program Director - Internal Medicine Residency, Cooper Medical School of Rowan University – Assistant Professor
- **Iris Jones, LPC, LCADC**, Cooper University Healthcare, Addiction Medicine - Behavioral Health Therapist
- **Michelle Rupe, MSW**, New Jersey Department of Families and Children, Children’s System of Care
- **Michelle Dickerson, Michelle Dickerson, PhD (c)**, RNC-NIC, New Jersey Medical Center
- **Andrea Mottershead, MSN RNC-NIC, C-ELBW**, Advanced Nurse Clinician, Virtua Health

Learning Objectives

After participating in ECHO, providers will be able to:

- Implement evidence based protocols supported by current literature, including pharmacological and non-pharmacological approaches for treatment of neonatal abstinence syndrome (NAS) and substance exposed infants (SEI);
- Integrate universal screening and understanding of the current reporting system for infants born substance exposed;
- Develop practice standards for family-centered care for SEIs and their families; and
- Establish collaboration to ensure a successful transition of care from birthing hospital to “home”

Series Curriculum

<u>Week</u>	<u>Date</u>	<u>Didactic Topic</u>	<u>Didactic Presenter</u>
1	Sept. 9, 2020	Exploring Current Practices and Areas for Improvement	Charlotte Nussbaum, MD
2	Sept. 23, 2020	Universal Screening: Identification of Patients in the Hospital	Iris Jones, LPC
3	Oct. 7, 2020	Reviewing the Literature on NAS/ Alternative Assessments for NAS-ESC	Charlotte Nussbaum, MD
4	Oct. 21, 2020	Gestational Substance Exposure: Understanding Risks & Reducing Harms	Kaitlan Baston, MD

5	Nov. 4, 2020	Identifying Common Neonatal Substance Withdrawal	Charlotte Nussbaum, MD
6	Nov. 18 2020	Responding to the Unique Needs of Mothers with OUD in the Hospital Setting	Iris Jones, LPC
