Who We Are and What We Do

- We confirm that a student has a disability protected under the Americans with Disabilities Act by reviewing documentation and engaging the student in an interactive process.
- We work collaboratively to remove barriers for Rutgers University students who live with functional limitations as a result of a disability. This may involve approving a student for reasonable accommodations.
- We work with campus partners to promote awareness and accessibility.

How do you know if you have a disability?

- The ADA defines a person with a disability as a person who has a physical or mental impairment that substantially limits one or more major life activity
