## Our Vision

## Our Mission

- To provide excellent patient-centered, multidisciplinary and comprehensive primary care medical services
- To educate and empower members of our community to lead healthier lives
- To nurture compassion, empathy and dedication to service through longitudinal patient care
- To enrich healthcare education through hands-on learning and mentorship
- To advocate for sustainable positive change in our community and beyond

## Our Strategic Priorities

## Who Are We?

The Promise Clinic is a student-run clinic that aims to provide free primary care to the clients of Elijah's Promise Community Kitchen in New Brunswick, NJ. Our patients are uninsured and many are afflicted with common chronic conditions such as hypertension and diabetes.

The Promise Clinic is built upon a continuity of care model. Each new patient is paired with a team of medical students from all levels of training. The assigned student-doctor team is responsible for the patient's care throughout their time in medical school and/or the patient's stay with the clinic, ensuring continuity. Under the direct supervision of Robert Wood Johnson Medical School clinical faculty who volunteer their time, medical students are committed to providing an encompassing range of care for our patients.

Through the Promise Clinic, the uninsured and under-served communities of New Brunswick, NJ, have access to primary health care that they could not otherwise receive. The clinic also serves as an opportunity for early clinical exposure for medical students in their pre-clinical years. The clinic allows for both patient and peer education, as students in their clinical years teach pre-clinical students the basics of the physical exam and disease management.

### New Brunswick Community

- Home to over 57,000 people
- Almost 50% Spanish-speakers
- About \$38,000 median household income
- 9.5% unemployment rate
- Over 35% foreign-born residents
- 23.5% of residents under 65 without health insurance

### Our Role in The Community:

Promise Clinic is a community of medical students, volunteer physicians, and community partners dedicated to providing patient-centered, quality primary care services. We seek to educate and empower the clients of Elijah's Promise Community Kitchen in New Brunswick, NJ, to lead healthier lives. Promise Clinic also serves as an environment where medical students and other health professionals can engage in the New Brunswick community through service-learning aimed at teaching the importance of continuity of care, teamwork, advocacy, innovation, and leadership. We hope to continue serving as a free source of health care for our patients and as a place for our student doctors to learn and give back to the local community.

"U.S. Census Bureau QuickFacts: New Brunswick city, New Jersey." 2017. <https://www.census.gov/quickfacts/newbrunswickcitynewjersey>

## Our Physician Preceptors:

### Family Medicine

- Dr. Joyce Afran
- Dr. Euton Laing
- Dr. Karen W. Lin
- Dr. Barbara Jo McGarry
- Dr. Marissa Stabile
- Dr. David Sweet
- Dr. Frances Wu
- Dr. Fran Yu

### Internal Medicine

- Dr. Catherine Chen
- Dr. Vidhi Kapoor
- Dr. Edith Sitrin
- Dr. Iris Udasin

### Emergency Medicine

- Dr. Meigra Chin

Student doctors in the patient waiting area before clinic hours.

**Our Residents:** Dr. Cresanda Corbin, Dr. Farrah Fong, Dr. Joseph Lugo,  
Dr. Natasha Norville, Dr. Fareedat Oluyadi

### Faculty & Staff Advisors:

**Dr. Eric Jahn, Senior Associate Dean for Community Health**

**Dr. Karen Lin, Assistant Dean for Global Health**

**Susan Giordano, Program Director for H.I.O.P.H.O.P.**

171 Student-Doctors, 64 Steering Committee Members, 13  
Physician Preceptors, 2 PharmD Students, 1 Unified Mission

A student doctor care team on a Thursday night at Promise Clinic.

## Services We Provide:

- Acute Care Management
- Screening & Preventive Services
- Basic Laboratory Work
- Chronic Care Management
- Specialty Care Referral
- Prescription Assistance
- Patient Navigation
- Women's Health
- Mental Health
- Social Work

## A Message on Behalf of Our Physicians

HIPHOP- Promise Clinic is a student run free clinic led by devoted student directors, committed operation managers, creative subcommittees and compassionate student - doctors. We strive to increase the quality care for our patients and contribute to the mission of Rutgers Robert Wood Johnson Medical School - clinical care, outreach to community, education, and research.

➤ We have achieved the following goals for 2017-18:

- **Efficiency** – set goal appointment time for 90 minutes on Thursday evenings to ensure continuity primary care for patients, and maximize learning opportunity for students.
- **Teamwork**- TeamSTEPPS initiative to improve quality and patient safety in medical education. Initiated at Promise Clinic and gained national reputation in medical education of American Medical Association and American Hospital Association.
- **Specialty Care Service**- expand services, more streamlining in charity care application
- **Data collection**- evaluate needs of community.
- **Quality of care** – improve the quality care of patients by continuing the HIPHOP - Promise Clinic Student Interpreter Elective; offers a mental health support group in Spanish in collaboration with the Depression and Bipolar Support Alliance of Middlesex County; provided flu vaccine clinics in partnership with Middlesex County Public Health Department & the Specialty Care committee.
- **Fundraising- long term sustainability**, established HIPHOP-Promise Clinic Endowment at Rutgers University Foundation, in addition to annual HIPHOP 5-K run, medical school wide campaign with Quarters 4 Meds (Q4M) Foundation
- **Social Determinants of Health** – students actively learned through quality scholarly projects, for example, VeggieRx and Health Passport, the details will be detailed in the report later. We established a new “Social Needs” Sub-committee to do a comprehensive assessment of social needs, connect patients to community resources for food, shelter, insurance and employment via collaboration with social work students.

➤ We are planning the following for 2018-19:

- “Planting the Seeds” 13<sup>th</sup> anniversary gala in Nov. 2018.
- Inaugural regional conference for three NJ Student -run free clinics in August 2018.
- Submission of abstracts for presentations at regional and national conferences of Society of Student Run free clinics in Jan and March, 2019.

We appreciate volunteer attending preceptors, family medicine and psychiatry residents, students of medicine, PharmD and Master of Social Work, a true interdisciplinary health care team

Karen Wei-Ru Lin, MD, MS, FAAFP  
Faculty Advisor, HIPHOP -Promise Clinic  
Professor, Family Medicine and Community Health  
Assistant Dean, Office of Global Health

## A Message From Our HIPHOP Program Director:

It is going on 13 years that a free, all-inclusive primary care clinic began to serve an in-need population in our greater New Brunswick area. Rutgers Robert Wood Johnson Medical School Homeless & Indigent Population Health Outreach Project-Promise Clinic medical students and faculty continue to provide a comprehensive, student-run clinic that provides high quality primary care to the medically underserved clients of Elijah's Promise Community Kitchen. The partnership of the medical school community, Elijah's Promise, and our students under the direction of medical school faculty has built and maintained an environment patients can rely on for all their medical needs. Whether patients require well visits, management of chronic disease, or social-emotional consultation and/or peer support groups, our students are committed to meeting the needs of their patients.

In providing these services, our students incorporate a humanistic element in their training and their experiences at HIPHOP-Promise Clinic may impact their practice as future physicians. I am proud to assist our students, other committed health professional students, faculty, staff and community partners invested in carrying HIPHOP-Promise Clinic's mission. We collaboratively will continue our dedication and compassion to and for our communities!

- Susan Giordano, BA

## Elijah's Promise Community Kitchen

Recipients of Elijah's Promise Community Kitchen services are eligible, and actively recruited, for care at the Promise Clinic. Elijah's Promise is a dynamic organization that helps low-income individuals by providing nutritious meals, a broad range of social services, culinary arts training, and health screenings. Elijah's Promise has been a wonderful partner and advocate for the community. Students staff a booth at the community kitchen twice a week to provide blood pressure screenings. Our student doctors also provide health education for the members of the community through teaching sessions. Our partnership with Elijah's Promise enables community members to engage in health maintenance activities and to monitor their health weekly.

### Most Frequent Diagnoses

- 1- Hypertension
- 2- Hyperlipidemia
- 3 - Diabetes

### Demographics

- 71% of our current patients are 41-60 years old
- 66% male; 34% female
- 59% primarily Spanish speaking
- 41% primary English speaking

**What We Do**  
**Promise Clinic's Latest Milestones**

- Celebrated **12 years** of existence/service!
- Began implementation of a new **Social Needs Subcommittee** to assess and connect our patients with resources to address non-medical needs such as food security, housing, insurance, and more
- Increased patient recruitment through the efforts of our **Community Outreach Subcommittee**, our community partner **Elijah's Promise**, and the assistance of a social work student
- Actively recruited more Spanish-speaking student doctors and interpreters to better serve our Spanish-speaking population.

Two student doctors waiting to see their patient!

**What We Do**  
**Promise Clinic By The Numbers**

**134**  
patients cared for  
since 2015

**177**  
appointments  
(July 2017-June 2018)

**12**  
New patients recruited that  
attended an appointment  
(July 2017-June 2018)

## What We Do

### Promise Clinic By The Numbers

In July 2017-June 2018, Promise Clinic...

Provided **free medications** for uninsured patients

**\$93**

Average cost of medications per patient covered by Promise Clinic per year

**\$3255**

Annual pharmacy expenses

#### Most Common Medications

1. Metformin
2. Lisinopril
3. Hydrochlorothiazide
4. Amlodipine
5. Simvastatin

Offered convenient, accessible **diagnostic laboratory testing** services

Most common laboratory tests:

In-House Labs	Send-Out Labs
HbA1c	Complete Blood Count
Urinalysis	Comprehensive Metabolic Panel
Fingerstick Blood Glucose	Thyroid Stimulating Hormone

Assisted patients in **navigating the healthcare system**

Successful **charity care** applications for **specialized services**

Consults obtained for patients:

- **Eye screenings (4)**
- **OB-GYN (2)**
- **Other services (3)**

Covered costs of care for patients through **donations, fundraising,** and **patient assistance programs**

#### Sources of Funding

- Individual donors
- Dean's Office
- Rutgers Endowment

#### Fundraisers

- Raised **\$1260** from our local holiday fundraiser
- HIPHOP 5K
- Other HIPHOP fundraisers

#### Patient Assistance Programs (PAPs)

- Filled out **3 applications** to receive free medications for patients

## Our Team

Patient Flow	In-Clinic Services	Accountability & Sustainability
<b>COMMUNITY OUTREACH</b> <i>Patient recruitment</i>	<b>PHARMACY</b> <i>Prescriptions Patient Assistance Program</i>	<b>EDUCATION</b> <i>Student Doctor Educational Requirements</i>
<b>COMMUNICATIONS</b> <i>Contact patients Interpreter program</i>	<b>LABORATORY</b> <i>On-site labs</i>	<b>QUALITY IMPROVEMENT</b> <i>Monitoring &amp; Evaluation Medical Record Mgmt</i>
<b>OPERATIONS</b> <i>Oversee clinic flow Strategic planning</i>	<b>SPECIALTY CARE</b> <i>Screenings Referrals to specialists</i>	<b>FINANCE &amp; FUNDRAISING</b> <i>Budget management Fundraising events</i>

### Sub-committee Responsibilities

#### Operations:

- Oversee Promise Clinic activities as a team of clinic directors, managers, schedulers, and first-year representatives.
- Act as liaisons between the steering committee, student-doctors, preceptors, faculty advisors, and clinic staff.
- Manage the flow of the clinic on a weekly basis and work with other committees to realize long-term goals for Promise Clinic.

#### Laboratory:

- Manage all lab testing during clinic hours.
- Prepare and assist teams with blood draws, urine samples, finger stick glucose, and other lab procedures.
- Collaborate with the Middlesex County Department of Health to provide mammography, pap smear, and colon cancer screening for patients through the CEED (Cancer Education and Early Detection) Program.

#### Pharmacy:

- Provide patients with prescriptions and vouchers to obtain medication from a local pharmacy at no cost to the patient.
- Ensure that a student pharmacist is present during clinic hours to assist teams in reviewing patient medications for potential drug interactions and side effects.
- Guide teams in getting their patients into appropriate Patient Assistance Programs (PAPs).

### Committee Highlights

#### Operations:

- ✓ Expanded to 18 clinic residents and attendings

#### Laboratory:

- ✓ Presented analysis of laboratory costs at the New York Student Run Free Clinic Conference
- ✓ Streamlined lab data tracking
- ✓ Updated lab testing policies

#### Pharmacy:

- ✓ Trained two new PharmD students to work with pharmacologically complex patients
- ✓ Developed a recommended medications 1-pager for student-doctors to reference in clinic

## Sub-committee Responsibilities

### Specialty Care:

- Work to increase the breadth of specialized medical resources available to Promise Clinic patients and to streamline the process of obtaining care.
- During clinic hours, a committee member will be on site to provide teams with the requested specialist's contact information and if necessary, assistance with the Charity Care program.

### Education:

- Make the Promise Clinic a model learning experience for student-doctors. Committee members maintain student attendance records for patient appointments and teaching sessions.
- Act as a liaison between the steering committee and medical school staff regarding student completion of requirements.

### Community Outreach:

- Collaborate with Elijah's Promise Community Kitchen, other community-based partners, and other Promise Clinic committees to facilitate patient recruitment and ensure patient follow-up.
- Coordinate bi-weekly screening efforts at Elijah's Promise Community Kitchen, and work to improve the health of the population by developing public health education materials and programs.
- Organize clinic-wide interventions to target prevalent diseases by administering and analyzing the annual Patient Demographic Survey and encourage student-doctors to practice preventive medicine.

### Quality Improvement:

- Identify and target areas where patient safety is at the greatest risk, which includes both overall clinic administrations and specific team practices.
- Strive to improve the efficiency and production of Promise Clinic by gathering data from student-doctor visits and using the data to implement Best Practices.
- Serve as a central source of information for many Promise Clinic projects.

### Finance & Fundraising:

- Manage the clinic budget and work closely with other sub-committees to monitor fundraising income and expenses.
- Coordinate fundraising efforts within the community to help keep Promise Clinic financially sustainable to be able to provide patients with free healthcare.

### Communications:

- Manage contact with all Promise Clinic patients, including Spanish-speaking patients.
- Keep in touch with patients regarding appointments and outpatient care, and work closely with clinic schedulers to arrange new patient appointments and follow-up appointments.
- Serve as interpreters for Spanish-speaking patients and recruit others to serve as interpreters.

## Sub-committee Highlights

### Specialty Care:

- ✓ Continued to assist patients in receiving Charity Care

### Education:

- ✓ Improved case-based teaching sessions to include questions based on most common clinic diagnoses

### Community Outreach:

- ✓ Recruited 58 new patients through Elijah's Promise Community Kitchen
- ✓ Performed 198 blood pressure screenings
- ✓ Implemented Health Passports for counseling patients on healthy lifestyles

### Quality Improvement:

- ✓ Began working on an Annual Wellcare Visit intended to give patients the chance to have a well visit once a year on top of other problem-focused visits
- ✓ Developing a Patient Satisfaction Survey to continue to provide the best possible care to our patients

### Finance & Fundraising:

- ✓ Began planning for the Promise Clinic Gala to raise funds for the new endowment

### Communications:

- ✓ Continued to train and recruit Spanish language interpreters for the clinic
- ✓ Launched an interpreter non-credit elective at the medical school

**Our Team:**

Student doctor teams consist of a 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> year medical student. Our Steering Committee consists of students from all classes as well.

Some of our Operations Subcommittee members:  
From left to right (top): Paul Lavadera, Thomas Kuriakose, Caroline Kwon, Michael Enich, Deesha Sarma, Meagan Hawes, Ruby Zucker, Delaney Scollan.  
From right to left (bottom): Ila Nimgaonkar, Nupur Gulati, Stephanie Oh.

**Team 38**  
From left to right: Anya McDermott, Thomas Kuriakose, Linda Gao, and Anna Levitt

Some members of **Team 33**:  
From left to right: Tara Ferrante, Augustus Chang, Leela Biswas

## Future Directions for 2018-2019

### Expand patient outreach

- Develop new **recruitment partners** with local organizations

### Address social determinants of health

- Compile **community-based resources** to assist patients in addressing **social needs**
- Pilot **Veggie Rx** program to provide vouchers for patients to receive healthy foods

### Develop sustainable funding strategies

- Perform a **cost analysis** of pharmacy and laboratory expenses and trends in use
- Organize the **2018 Gala** Fundraiser for the Rutgers Endowment

### Improve patient care

- Pilot **Health Passports** program to improve patient **health literacy**
- Gather patient feedback about medical interpreter program to improve patient **communication**

# Thank You!

*A very special thank you to our kind donors!*

Promise Clinic relies on donations from donors to sustain our ability to help provide medical care to our patients. We truly would not be the same without the generosity of our wonderful donors.
